TASTING NOTES

BLONDE

LIGHT MALTS, FLORAL HOPS

4.7%

The Stable Extrovert

This light coloured blonde ale utilises a blend of pale Australian malts as well as Noble hops to create a bright, clear flavour and aroma profile that makes it is easy to enjoy.

RIVER SESSION PALE ALE

PALE MALTS, FRESH FRUITY HOPS

5.0%

This Pale Ale features a blend of hops from the US and NZ to create a fresh fruit/citrus peel flavour and aroma. We use a blend of pale Australian malts to craft a dry and sessionable beer that is still full of character, perfect for enjoying by the river or wherever you get together with friends.

IPA

BIG HOPS, SUBTLE MALT

6.6%

The Neurotic Extrovert

This beer is a celebration of some of our favourite, big, juicy hops from around the world. Like a great funk tune, it's a straight up 'one chord groove' of bready malt with a punchy horn section melody of fruit and pine hops dancing over the top.

STOUT

DRY ROASTY STOUT

6.0%

The Stable Introvert

A dark, dry, roasty stout built on flavours of coffee and dark chocolate as well as a tiny hint of smoke drifting around in the background. Perfect to savour by yourself or share with an old mate.
